

Planning a Trip

Work with your group to plan a weekend trip.

(1) Where are you going?

Suggest a couple of places you would like to visit or activities you would like to do during your weekend trip. Make notes on some of your choices below.

--

As a group, select one place your group will visit.

(2) What information do you need to plan your trip?

Work together to decide on the details of your trip. Be sure to research the place you would like to visit to confirm your information is accurate.

Food		
What will you eat?	General Cost	Other important information

Activities		
What will you do?	What equipment/clothing do you need?	Other important information

Transportation		
How will you get there?	What transportation will you need while you are there?	Other important information

(3) Your Itinerary

Now, use the information from your group’s research to plan the itinerary for the weekend.
