

## Social Media Analysis Worksheet

Who Are you?

- 1.
- 2.
- 3.

1. Which aspects of a person's identity are best represented by each social media site? Why? Is there one that you feel is best able to represent one's identity?

2. Which media communicate someone's identity the best? Think about images, short tweets, long blocks of text, memes, etc.

Why do you think that media is most effective?

3. What are some examples of language used on social media to present a facet of one's identity? Do any words/phrases/ or language uses stick out to you in particular?

Look specifically at descriptions you see on various social media platforms. How are these formed in the target language? Does context impact the content?
