

Geoguessr Worksheet:

As you play the map “A Diverse World,” fill in the table below:

Clue: (briefly describe your context clue)	Inference: (what can you infer from this clue?)	Research: (if applicable, does a Google search provide any more information? E.g. the name of a building, an area code, etc.)
<i>EXAMPLE: on a house’s for sale sign there is a phone number beginning in 971</i>	<i>971 must be the area code for the place on the map</i>	<i>A Google search shows me that 971 is the area code for the Portland metro area.</i>

My Guess: _____

How accurate were you?: _____
